

Well Pet Clinic provides reduced cost Ovariohysterectomies and Castrations

DONE ON FIRST THURSDAY OF EVERY MONTH BY DROP OFF APPOINTMENT ONLY. YOU MUST INFORM THE RECEPTIONIST THAT YOU ARE SCHEDULING A WELL PET SURGERY WHEN MAKING THE APPT. AND ON ARRIVAL.

Done on the first Thursday of every month. An appointment is made at which time your pet is dropped off for the day. Please inform the receptionist that you are scheduling a well pet surgery when making the appointment. The prices below include sterile instruments, sterile gloves, injectable anesthesia and isoflurane anesthesia, iv access, intraoperative pain meds, surgery, suture, suture removal. The pet should be flea free, and be current on vaccinations (see below) and be known to be free of intestinal parasites and heartworms (see below). If pets are found to have fleas there may be added costs from \$20-\$35 to clean and deflea the pet. If verification of vaccination, heartworm or intestinal parasites is not possible, they can be done at the time of your drop off appointment as part of our well pet vaccination clinic (** see well pet vaccination information**) Heartworms and/or intestinal parasites increase the danger of anesthesia.

Canine Sterilization of the apparently healthy pet. Procedure costs:
